

## **REMARKS**

The foregoing amendment is presented in order to place the present application into condition for examination on the merits.

In particular, during prosecution of the parent application (Serial No. 09/466,663), original claims 19-39 were cancelled as being drawn to a non-elected species. Claims 1-18 were subsequently prosecuted to allowance. Accordingly, by way of the above-noted amendments, original (now allowed) claims 1-18 have been cancelled, and original claims 19-39 reintroduced for examination on the merits. No amendments have been effected in claims 19-39.

In addition, page 1 of the specification has been amended to properly reflect the relationship between the present application and the patent application serial No. 09/466,663.

If there are any fees due under 37 C.F.R. §§ 1.16 or 1.17, please charge such fees to our Deposit Account No.195113.

Respectfully submitted
